Cobra V GS738C

Cordless SuperPinner

Product Features

- Weighs only 3.46kg
- Easy to adjust depth control
- Easy to position in the corner with contact nose
- Easy jam clearance
- Ultra-light swing trigger - only 1.2kg
- Stainless steel mesh filters
- Easy one-step pin loading
- Easy to load fuel cell
- Soft moulded grip
- LED low battery indicator
- Reversible belt loop hook

POWER QUALITY RELIABILITY

105 joules max power

Short track rail enabling
easy movement

Smart Fan

Ultra Light Trigger

Direct Fuel Injection

CUTTINGSTATION SS7

A go-anywhere, multi-purpose cutting station with unrivalled safety features to minimise vibration, sparks, noise and dust.

- Recessed 110v inlet power supply, and 2 x 110v internal sockets
- Extendable back panel provides extra workspace for mitre saws
- Sound deadening, fire-rated foam to reduce noise pollution
- PVC curtains to contain sparks
- Rubber mat to reduce vibration
- Rubberised wheels for reduced vibration
- Extendable support arms with 4 configurations
- Heavy-duty all-swivel wheels for easy moving
- Secure cabinet to keep your tools safe
- Swarf collector with dust extractor connection

SITESTATION SS2

Finally - a purpose-built solution to your on site work station needs

The SiteStation gives you a convenient place for performing routine on site tasks, while also providing secure storage for your valuable equipment. The top section features a folding slanted work surface – ideal for displaying plans and charts – which when shut provides an additional lockable storage area – ideal for power tools, PPE and fixings.

- Gas struts on both sides of top compartment
- Slanted, folding work surface with lockable concealed storage area
- Robust construction giving maximum protection
- Keyed-alike 2-point tamper-proof locking system
- Pockets on doors for smaller components
- Powder coated for maximum durability
- Full-width shelves in both lower and upper compartments
- Fork skids with fixing slots for easily adding castors

MADE IN U.S.A.

HOLE SAWS

Advanced Bi-Metal Hole Saws

The latest sawing innovation.

Applications

Wood, plastic, machinable metals, stainless steel, nail-embedded wood.

Features & Benefits

- Patent pending tooth set design
- New cap - reduces runout and vibration
- Premium M42 high speed steel cutting edge, 8% cobalt - over 2 X greater life span
- Cutting depth - 1-15/16" (49.2 mm)
- Heavy duty .050 Side Wall - For greater stability
- New side slot - increased leverage for faster, easier slug removal

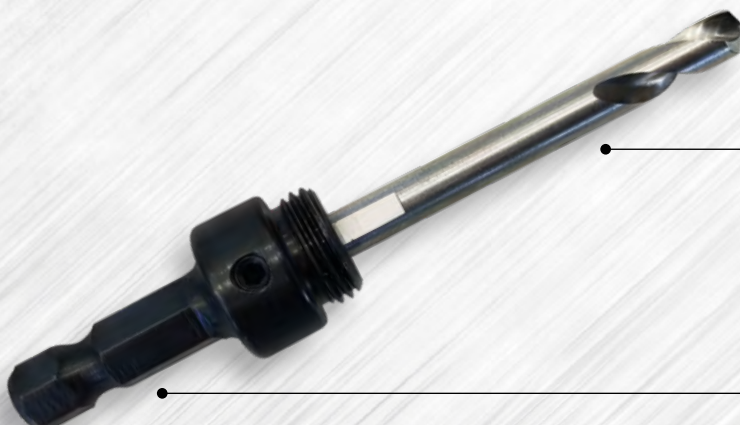

Optimized new teeth, designed to remove material faster

New coating reduces side wall friction for efficient cutting

Holesaw Mandrel

Durable, heavy-duty carbon steel mandrel's come complete with pilot drills. Adapt Morse hole saws to any power drill used by professionals.

Various shank sizes available from 3/8" or 1/2" drills

Hex arbors with non-slit jaw slots

Tungsten carbide tooth tips offer the highest wear resistance possible for fast holes and longer life when cutting abrasive materials. Cutting depth is 1-1/2". Arbor required.

Features include special tooth design for very fast holesaw cutting with ground and set teeth help to cut materials that bi-metal holesaws will not cut.

ARMORGARD SOLUTIONS

ARMORGARD SITESTATION SS2

PART NO	DESCRIPTION	QTY
39AGSS2	Armorgard SiteStation SS2	1

Finally - a purpose-built solution to your on site work station needs

The SiteStation gives you a convenient place for performing routine on site tasks, while also providing secure storage for your valuable equipment like power tools, PPE and fixings.

- Split into two compartments with separate lockable doors. Both compartments contain full width shelving for easy organisation of contents.
- Slanted working shelf in top section also acts as a lockable lid for the compartment behind.
- Ideal for storing anything from PPE to fixings and power tools.
- Allows project managers to stay close to the work and workers on site, while reducing the requirement for temporary site offices.
- Robust design and 5-lever deadlocks ensure the SiteStation is secure.
- LED work light and 2x 110V sockets are built in.
- Lifting eyes, fork pockets and castors mean the unit is very mobile and easy to move around site.
- Weather resistant rubber gaskets around the openings help prevent water ingress.

Armorgard SiteStation External Measurements & Weight

Depth	Width	Height	Weight
800mm	1400mm	1970mm	223kg

Armorgard SiteStation Top Internal Measurements

Depth	Width	Height
800mm	1300mm	1065mm

Armorgard SiteStation Bottom Internal Measurements

Depth	Width	Height
800mm	1300mm	610mm

ARMORGARD CUTTINGSTATION SS7

A go-anywhere, multi-purpose cutting station with unrivalled safety features to minimise vibration, sparks, noise and dust.

The Armorgard CuttingStation is a neat, mobile workstation that eliminates the need for a separate cutting room and is essential for safely cutting lengths, such as conduit, timber, cable tray and pipe.

The SS7 model improvements include new lighting and chamfered corners to further reduce noise. You'll also find a new expandable working area to accommodate mitre saws and cutaway sides for handling longer lengths.

- A multi-purpose cutting platform, with a secure cabinet beneath the workbench area
- Recessed 110V inlet power supply 2 x 110V internal sockets
- Extendable support arms with 4 configurations
- Heavy-duty all-swivel wheels for easy moving
- Extendable back panel provides extra workspace for mitre saws
- Sound deadening fire-rated foam to reduce noise pollution
- Rubber mat to reduce vibration
- Rubberised wheels for reduced vibration
- PVC curtains to contain sparks
- Secure cabinet to keep your tools safe
- Swarf collector with dust extractor connection point
- Improved lighting position for increased productivity

Armorgard CuttingStation External Measurements & Weight

ARMORGARD PIPERACK PR1

PART NO	DESCRIPTION	QTY
39AGPR1	Armorgard PipeRack PR1	1

The adaptable mobile on-site pipe and conduit storage solution.

The Armorgard PipeRack is an innovatively designed wheeled storage rack that keeps your pipes organised and easy to manoeuvre while you're working on site.

Each unit has been fully tested and certified to guarantee you a top quality product that is durable and built to last, while the fully collapsible design means that it can be easily transported and stored when not in use.

PipeRack is available with a 1 tonne capacity, or can be upgraded to a 2 tonne capacity with an optional upgrade kit.

- Mobile rack for storing copper pipe, conduit and other long lengths.
- Certificate of conformity available, to certify that it is suitable for storing up to 1 tonne (UDL).
- Unique fold down design allowing them to be stacked up to 6 units high.
- Heavy-duty construction built to be put to the test.
- Piperacks can be linked together to cater for longer lengths, using the Armorgard Linking Kit.
- Fitted with ultra-robust industrial all-swivel castors for easy manoeuvring.
- Can be linked together to hold 6 meter lengths of material.
- PipeRack PR1 is a storage facility only, not to be moved whilst loaded.

Armorgard PipeRack Measurements & Weight

ARMORGARD PIPESTOR PS3 / PS6

PipeStor PS3

PipeStor PS6

PART NO	DESCRIPTION	QTY
39AGPS3	Armorgard PipeStor PS3	1
39AGPS6	Armorgard PipeStor PS6	1

The mobile secure storage trunk that keeps your copper piping safe and organised.

Foil the copper thieves by keeping your valuable piping locked up on site in this innovatively designed 'copper coffin'.

The PipeStor portable secure storage trunk, gives you the peace of mind that your copper piping is safe 24/7.

The interior is divided into four sections to accommodate different sizes and styles of pipes – including plastic and metal conduit, trunking and cable tray – and is secured on one end with a heavy-duty door and lock.

Versatile design, it can be easily extended to take longer lengths of pipe by adding optional extra sections as required.

- Mobile unit, designed to keep long lengths of pipe and conduit safe and secure.
- Secured with A 5-Lever deadlock.
- Robust steel plate construction and finished in a durable powder coat.
- Internally divided into 4 separate compartments which maximises the storage capacity and maintains tidiness within the unit.
- Supplied in 1.5m lengths which are bolted together.
- Comes complete with heavy-duty castors to make it a mobile unit.
- An excellent solution to drive down theft rates of copper pipe
- Fork skids for easy transportation.
- Designed for storing anything up to 3m in length (or 6m)
